

Loch Arthur is a Camphill Community situated in the South-West of Scotland, 7 miles from Dumfries. It is a land based Community inspired by the insights and philosophy of Rudolf Steiner.

At present over 70 people including men and women with learning disabilities, volunteers who join us for periods from a few weeks to several years and families with their children live in 10 households of varying sizes, on 500 acres of land.

We have a large biodynamic farm and garden, a creamery, farm shop, bakery, woodworkshop and weavery.

We are also in the process of building a new Farm Shop and Café which will also include a new bakery, store and small butchery.

Loch Arthur is part of the Camphill Village Trust which has been going through challenging times over the past few years. We are searching for positive ways of integrating the current demands of social care provision, with a shared way of life within a community context. We will enter our 28<sup>th</sup> year in November 2011 and we are conscious of the need to move into the next phase of our community life with courage, clarity and conviction.

We are looking for people to join us who are interested in upholding the basic ideals which underpin our life and have the relevant experience to carry responsibility for a household and / or workshop activity.
